

# Abridged Unaudited Interim Financial Statements

for the Nine Months Ended  
**31 March 2021**

Le partenaire de votre progrès!

# Management Discussion & Analysis

MauBank Ltd ("the bank") is pleased to present the abridged unaudited interim financial statements of the Group and the bank for the nine months ended 31 March 2021.

The abridged unaudited interim financial statements have been prepared using the same accounting policies as those adopted in the audited financial statements for the year ended 30 June 2020, and in accordance with the Bank of Mauritius Guidelines on Public Disclosure of Information and IAS 34.

Below are the highlights of the key financial and operational performance for the period ended 31 March 2021:

- I. The bank recorded a profit of Rs 50.02 Mn for the nine months ended 31 March 2021 against a profit of Rs 20.95 Mn for the same period last year.
- II. Total Operating Income was higher for the nine months ended 31 March 2021 at Rs 814.63 Mn compared to Rs 782.95 Mn for the same period last year, mainly attributed to a sustained level of business operations despite the challenges of the difficult environment attributed to the covid outbreak.
- III. The bank's cost to income ratio improved from 93.60% for the period ended 31 March 2020 to 89.42% for the period ended 31 March 2021, mainly attributed to the cost containment measures in line with the strategies by the Board to reduce overall operating costs while identifying sustainable areas of growth in revenue.
- IV. The Capital Adequacy Ratio (CAR) of the bank stood comfortably at 14.82% as at 31 March 2021, well above the regulatory minimum of 11.875%, which includes a capital conservation buffer of 1.875%.
- V. The bank's total liquid assets represented 37.17% of the bank's assets, or 42.62% of the bank's deposit base, as the bank continues to monitor prudentially a sound approach towards liquidity management.

The bank actively monitors its assets and liabilities maturity mismatch and also ensures that it has a relatively large stable deposit base, in keeping with sufficient liquid assets to meet any unforeseen liquidity requirements.

## Impact of Covid-19

It has been just over a year now that the world suffered the effects of the COVID-19 pandemic, culminating in a significant drop in global economic activity in the first two quarters of 2020 as the world rallied to halt the proliferation of the virus. However, there have been signs of slight recovery in global economy since the third quarter of 2020 and as such, the International Monetary Fund had, in its January 2021 World Economic Outlook Update, revised the global growth projections and is forecasting global output to grow by 5.5 per cent in 2021 and by 4.2 per cent in 2022. However, global economic recovery remains highly dependent on the effectiveness of the vaccination campaigns to restrict the proliferation of the COVID-19 virus.

Mauritius started showing better resilience in the third quarter of 2020 as both consumer expenditure and investment improved during the quarter. The policies and emergency measures introduced by the Government of Mauritius and the Bank of Mauritius curtailed the effect of COVID-19 on the domestic economy. By proposing various moratoriums and financial aids to local operators, the Bank of Mauritius has successfully managed to keep the economy flowing whilst safeguarding employment in most major sectors of the economy. As Mauritius entered into its second lock down in March 2021, the country is today better equipped to navigate the current pandemic. The mass vaccination program initiated by the Government of Mauritius has also been positively welcomed and there's a renewed belief that the country is continuing its upward trajectory to economic recovery.

MauBank Ltd continues to roll out its "MAUCOMBAT" scheme, aimed at providing further assistance to various eligible lenders to complement the relief programs proposed by the Bank of Mauritius. Under this scheme, the Bank provides further financial assistance to SMEs in need of capital to maintain the continuity of their business.

# Management Discussion & Analysis

## Outlook

Despite the ongoing economic challenges, the bank continued its diversification strategy for new products and markets; with an accent on international front and cross border financing. The bank simultaneously continues its quest for cross border investment to consolidate its presence on the internal front and identifying opportunities for further expansion. As one of the largest contributors to the Small and Medium Enterprises, MauBank Ltd remains equally focused on the growth of this sector. The recent restructuring of our branches into a “One Stop Shop” Business Centre re-iterated the commitment of the bank to be closer to its customers and to accompany local businesses in their growth and expansion. The bank recently rolled out its “Lokal Boost” scheme aimed at accompanying budding SMEs as they embark on their entrepreneurial journey. Despite being in an infancy stage, the scheme has already gathered wide interest from members of public. The bank remains equally committed to contribute to a “Greener Mauritius” by identifying areas of sustainable growth and reduced wastage. Furthermore, the bank is continuously improving its online platforms to encourage people to use cashless transactions as it remains a safer and more secured option.

The bank’s financial ratios and results throughout the year upholds our commitment for a relentless effort to meet our customers’ expectations in an efficient and timely manner. This remains a key strength and undeniably provides a strong base for future growth whilst maintaining stakeholder’s confidence.

Despite the introduction of the COVID-19 vaccination, the current economic climate remains challenging, with little visibility on the evolution of the pandemic. Against this back drop, the bank continues to adopt a cautious approach to maintain financial soundness and to improve financial performance. Management and the Board of Directors remain firmly committed to the growth and sustainability of the bank, especially in these turbulent times and would like to thank all the stakeholders for their vote of continued confidence as we look forward to delivering another productive financial year 2020/2021.
